

Rondo of Amor or Desire

You're excited now
even a bit on the crazy side
heat of the moment
excitement, escape
the ego (inhalation)
dream your dreams

sphincterous black
ego absorbs you

love is but a symbol
reemerging phoenix
hand your heart over
the gods mercifully accept

you are now a tree
fallen onto the road
you are now a telephone
ringing during the movie
you are now the night
the stars disappearing
one at a time

you're not made for eternal
dark, my boy, even if
always at your side, you've
felt it poking you in the ribs
stinging your foot like a sliver

hand your heart over
heat of the moment
a floating world

love is a symbol
maybe the gods will accept it

sphincterous black
stinging your foot like a sliver
the ego (inhalation)
the fear within
the gods mercifully accept
